We hope the Folio cover gave you a chuckle. We've always tended to take money seriously at KPFK. There are still hundreds of contribution envelopes in the hands of our subscribers as a result of our special station stability drive. There's one way to turn the question of money, if not into a laughing matter, at least into a happy chuckle, and that is to use these envelopes. A gift now will have a special joyful purpose. It will help us celebrate our sixth birthday. Yes, on July 26th, KPFK will be six years old, and the staff wishes you, the listener-subscriber, many happy returns of the day.

Remember we were reaching for \$44,000. (the money to come from the Faire, new subscriptions, and special gifts). This month-long Folio, went to press on June 11th, which makes it impossible to give you a current fund goal report.

Thanks to all of you for being our sponsors and sustainers, and a special thanks to all of you subscriber-volunteers who worked so hard on our Spring Subscription and Fund Drives. Thanks, too, to the subscriber who wrote us as follows:

"Recently a subscriber felt moved to express his appreciation of a program he found particularly interesting by a contribution. This seems like a good idea to me and if it caught on might help the financial situation until a better base of subscribers can be acquired. I would like to thank you for three recent groups of ideas and am enclosing three dollars as a solid expression of my feelings."

Folio readers, please copy.

At the present moment, evaluations and critiques are being written by the various chairmen who helped develop and direct our subscription and growth efforts. Preliminary notes all agree that we should ask for pledges of time to help us with the improved subscription promotion we are planning for the fall. We will supply leads and simple assignments which our recent efforts have demonstrated to be the most effective source of new subscribers. We've made it really convenient for you — just tear off or copy the coupon below and mail it to the station.

I want to volunteer five hours of time to the Fall Subscription Drive

What's Doing For Young People?

In October, 1962, after months of research and planning, Instruction in Spanish for children was begun on Programs for Young People. The lessons, given by Mrs. Clara Ouroussoff (now Allen) were taped live with a group of 5 year-olds in their own classroom during their regular class sessions at the Oakwood School in North Hollywood. For as long as a year after the lessons were over, requests for rebroadcast were being received at the station. Now, in this Archive Folio it is fitting that we fulfill these requests for a new crop of linguists; and we are pleased to announce that **Hable Espanol** will be broadcast daily, Monday through Friday, at 5:15 P.M. beginning Monday, July 5.

We also have on hand a limited number of copies of the vocabulary and bibliography lists that were used in conjunction with the lessons. Parents are urged to send for their copies (50 cents, tax included), and to participate with their children in these sessions. Gracias.

DATED PROGRAM

A dear little old lady,

apparently disturbed about the "least taint of left-wing leanings," wrote a letter to the editor of a Southern California provincial newspaper in which she asked: "And what about the magazine **Frontier** . . .? How does it rate?"

Excellent and proper questions, we thought—but the wrong source for dependable answers. For the best source on **Frontier** is **Frontier** itself and the best authority for the lady ought to be the lady herself (exercising her own critical faculties, to be sure, as she becomes a regular **Frontier** reader).

We can only hope that the dear little old lady is taking our advice. She will find more in **Frontier** than she dreamt of in her untainted philosophy . . . not only a variety of socio-political information, opinion, and analysis, but also critical reviews of books and on the arts, and much more.

We would urge all interested KPFK listeners (regardless of political taint) to look into **Frontier** for themselves, also. You will find **Frontier** to be a forthright liberal monthly magazine. Take advantage of our special introductory rate for new subscribers (yourself or friends) as noted below.
